The Resources Fee will cover the common materials required by each student, transport costs, photocopying and some administration expenses. Students will be supplied with a stationery kit at the beginning of the year. Parents will need to supply a pencil case, textas and/or coloured pencils.

Our Building Levy is tax deductible and the funds are used for the upgrading of our facilities. If any parent is in a position to contribute more it would be most appreciated.

All tuition fees are forwarded to parents within the first week of school in the first three terms. All accounts are to be paid within the first four weeks of that term. Any family experiencing difficulties in this area should contact the Business Manager, Mrs Jody Bovell, so that an arrangement can be made to suit individual needs and commitments.
