Philosophy and Rationale

St Edmund's College (The School) is a school in the Edmund Rice tradition administered by the Christian Brothers through Edmund Rice Education Australia (EREA) – a National Governance Body for all Christian Brothers Schools across Australia. In NSW St Edmund's is administered by the Edmund Rice Special Education Services (ERSES) Advisory Council.

While other faith traditions are respected Catholic beliefs and teachings underpin all facets of school life, directions and management.

The School supports the provision of a full range of educational placements for students with disabilities. Within the continuum of Catholic Education, the School offers students with disabilities the opportunity to gain an education within a specialist setting which adheres to the principles of best mainstream and special educational practice.

The School acknowledges, advocates and supports the principle of inclusion for those with disabilities at both a school and community level in keeping with the Disability Discrimination Act 1992 and Disability Standards for Education 2005.

Current, evidenced based research of best practice in relation to special education and individual student needs influence the development of school curriculum and programs.

The School affirms and actively promotes the view that the education of the whole student is paramount, and is best achieved through a partnership between the School and the family.

Policy

The School is a special school for primary and secondary aged students, with disabilities including a mild or moderate intellectual disability for whom mainstream education is problematic. The School offers a segregated program aligned with a traditional mainstream structure and NSW Education Standards Authority (NESA) Curriculum at a life skills level through to the HSC. Programs are implemented through the Personalised Planning (PP) process. Access to community and work underpin all programs. Enrolment priority is given to those assessed by a qualified professional as having an intellectual disability and sensory impairment.
