

29th January 2021

Dear Resident,

Building Works Update #3

I take this opportunity to thank you for your patience over recent weeks regarding demolition and construction work at St Edmund's. We are pleased to advise that the project is running to schedule and progress is being made to ensure completion of Stage 1.

Demolition work will continue this coming week prior to students return on Monday 1st February, 2021. We will also commence the next stage of groundworks, footings and piling which is estimated to take us through to mid March, 2021.

All building activities undertaken will occur in accordance with the conditions of Development Application approval as set forth by Ku-ring-gai Council and demolition and/or excavation using machinery of any kind will be limited to between 7.00am and 5.00pm Monday to Friday, with a respite break of 45 minutes between 12 noon and 1.00pm. No demolition and/or excavation using machinery of any kind will occur on Saturdays, Sundays or public holidays. Building work on Saturday and Sunday will comply with and in accordance with conditions of our Development Application.

Further information and regular updates can be found on our College website www.stedmunds.nsw.edu.au/our-college/facilities-and-masterplan/

The site contacts for all construction-related issues can be directed to the following people;

Andries van der Walt (0437 017 720)
David Campbell (0498 000 266)
Dane Malone (0431 835 303)

Rohrig Construction Site Manager
Rohrig Construction Manager
Rohrig Contracts Administrator

Yours sincerely,

Jon Franzin
Principal
